# Testimonials

*"An excellent forum for listening to the drivers and strategies shaping our industry as well as engaging with industry leadership on the demand and supply side."*

**Chris George, Network Acquisition, GOOGLE**

*"Outstanding event, content and format. We were honoured to take part."*

**Marc Halbfinger, CEO, PCCW GLOBAL**

*"My first time at this event was a real eye-opener. It was a great feat of the team to persuade a small group of the most influential people in internet infra to spend two days holed-up in a hotel (admittedly central Dublin). Smaller groups seem to be more effective in terms of relationship-building, connecting and generally getting to the core opportunities awaiting us. The atmosphere was relaxed and the conference room surprisingly full for every panel. Coupled with some sampling of real Guinness in the evenings it was a real treat - I'll be back next year!"*

**Guy Willner, Chairman, IX AFRICA/IX ACQUISITION CORP**

*"CCT 2022 was a high quality event with C-level speakers and a well thought-out and comprehensive agenda."*

**CCT 2022 Attendee**

*"The event was very professional and the intentional small-scale aspect of it really worked for me. It meant that I was able to easily meet and have spontaneous discussions with key industry representatives from around the world in a relaxed setting."*

**Svante Jurnell, Founder & CEO, EASTERN LIGHT**

*"If CCT manage to keep the intimacy and the C-level participants of the conference I will be back for many years to come."*

**CCT 2022 Attendee**

*"A great event, the perfect length of time and a good easy to get to location. For the second event and the first since Covid I could not have asked for more.*

*Great event Rachel and team."*

**Chris Harper, CCO NETERRA**
