

cct2023

The Cloud, Content and Telecoms Summit

20 & 21 June 2023, Dublin

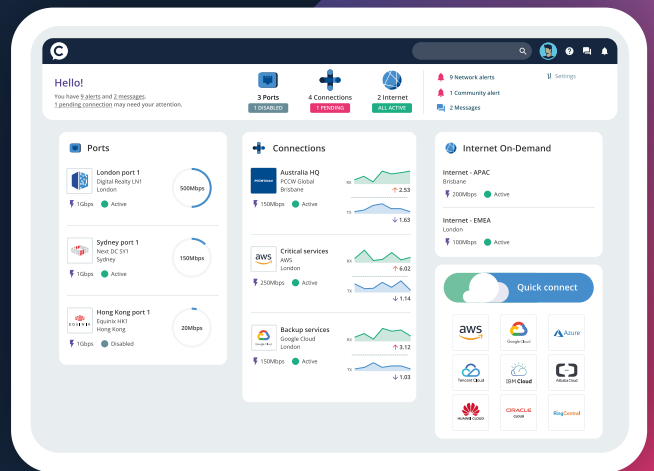

POST-EVENT REPORT

The simpler, smarter way **to connect**

Manage and grow all your mission-critical network connections in real-time through **one easy-to-use platform**.

We connect you to:

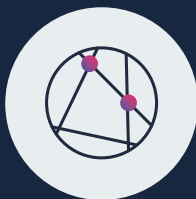

Clouds

Data centres

Internet On-Demand

Internet Exchanges

Business partners

Internet of Things

Thank you to our CCT 2023 Partners

Lead Partners

Associate Partners

Supporting Partner

Strategic Consulting Partner

DIGITALBRIDGE

IS A LEADING GLOBAL ALTERNATIVE ASSET MANAGER DEDICATED TO INVESTING IN DIGITAL INFRASTRUCTURE

THE DIGITALBRIDGE DIFFERENCE

With a heritage of over 25 years investing in and operating businesses across the digital ecosystem including cell towers, data centers, fiber, small cells and edge infrastructure, the DigitalBridge team manages a \$69 billion portfolio of digital infrastructure assets on behalf of its limited partners and shareholders.

Headquartered in Boca Raton, DigitalBridge has key offices in New York, Los Angeles, London, Luxembourg and Singapore.

We Connect What's Next

Testimonials

"CCT2023 was yet again a stand-out event for senior representation of the critical digital infrastructure sector. All that attend fully engage and immerse themselves into solving for challenges today and for the next generation of digital infra providers and users."

Fergus Innes, CCO, CROSS FIBRE

"The CCT 2023 conference was an immensely valuable experience for me as both an attendee and a speaker. It provided a great forum for discussing the key issues facing our industry today, along with valuable networking opportunities and inspiring moments that exceeded my expectations. The sessions were thought-provoking, offering deep insights into the latest technology advancements and innovative business models. The connections I made during the conference have already resulted in new business opportunities."

Gina Nomellini, Chief Product and Marketing Officer", GLOBALGIG

"CCT is an excellent conference with engaging , high calibre individuals discussing the complex and important issues facing the industry today."

Steve Miller-Jones, Vice President, Product Strategy, NETSKRT SYSTEMS

"An excellent forum for listening to the drivers and strategies shaping our industry as well as engaging with industry leadership on the demand and supply side."

Chris George, Network Acquisition, GOOGLE

"Outstanding event, content and format. We were honoured to take part."

Marc Halbfinger, CEO, PCCW GLOBAL

"My first time at this event was a real eye-opener. It was a great feat of the team to persuade a small group of the most influential people in internet infra to spend two days holed-up in a hotel (admittedly central Dublin). Smaller groups seem to be more effective in terms of relationship-building, connecting and generally getting to the core opportunities awaiting us. The atmosphere was relaxed and the conference room surprisingly full for every panel. Coupled with some sampling of real Guinness in the evenings it was a real treat - I'll be back next year!"

Guy Willner, Chairman, IX AFRICA/IX ACQUISITION CORP

"A great event that gives me time to stop, digest, think and enjoy the interactions with fellow C level execs, unlike other conferences that are just full on."

Chris Harper, Founder, PETWORTH ENTERPRISES
