Testimonials

"Outstanding event with professional focus and vast perspectives."

Marc Halbfinger, CEO, CONSOLE CONNECT

"Great format, great content and great attendance: CCT 2025 is a must attend event for me next year."

Toby Forman, CEO, SMARTCIC GLOBAL SERVICES

"CCT 2024 does not disappoint. The content quality as well as the opportunity to learn from and spend time with leaders in the ecosystem make this an outstanding event. Rachel organises a first class conference."

Ben Edmond, CEO, CONNECT BASE

"Love the intimacy of the group and how easy it is to have side conversations and build relationships."

Michael Fay, Streaming Media Strategist (ex Disney, ex Akamai)

"A different type of conference which is focussed on discussion and looking towards the future."

Great for networking and learning."

Chris George, Founder, SELF INFRASTRUCTURE

"CCT 2024 was an excellent event that covered a lot of the current important topics that are exercising the minds of technology leaders. It was great to see so many senior leaders in the one place to discuss these issues."

Jeptha Allen, Senior Director, CBRE

"Having joined the industry rather recently, it was a great opportunity to meet industry peers, share thoughts on AI and it's implications on the data centre and connectivity landscape and expand my network."

Elisabeth Hankeln, Managing Director, EiroFiber Cloud Infra, EUROFIBER

"CCT is a great event for senior leaders in our industry to get together, hear from each other and share ideas. The small attendee list makes networking far easier than at larger events. Topics covered are also varied and enable several key topics within our industry to be discussed and challenged."

Barro Luitjes, Chief Strategy Officer, KEVLIN-X
